DETAILED ACTION

Response to Amendment

1. In response to the Office Action mailed May 6, 2005, applicant submitted an amendment filed on July 15, 2005, in which the applicant canceled claims 12 and 12 without prejudice and incorporated the allowable subject matter of claims 12 and 21 into independent claims 1 and 15.

Allowable Subject Matter

2. **Claims 1-11, 13-20 and 22-28** are allowed.

The following is a statement of reasons for allowance:

As for independent claims 1, 15 and 23, they recite a method, apparatus and system of providing a user with one or more visual indications, in accordance with a display system associated with the user, of who is currently speaking during an event in which the user is engaged, including one or more other individuals. Prior art such as Schyndel show similar methods, apparatuses and systems but fails to teach or suggest wherein the second visual indicator comprises a directional symbol displayed on the display system indicating to the user the direction to turn such that the current speaker is in the *user's field of view*, to improve transcription services for the hearing impaired.

Dependent claims 2-11, 13-14, 16-20, 22 and 24-28 are allowed because they further limit their parent claims.

Conclusion
